Chivo

Chivo, a 3-year-old Hound Mix, is ready to meet his new best friend. Although Chivo has three legs instead of four, he has no idea he is different from the other dogs – his daily walks are his favorite activity. Chivo has endured a few heartbreaks in his young life, and will need a patient soul who is willing to work with him to establish trust. His foster parents report that he loves children and other dogs. In the right home, this loving boy is sure to thrive. Come meet Chivo at the Seattle Humane Society, located at the junction of I-405 and I-90.on.
