Noodles

Noodles, a 10-year-old brown and white tabby, loves to be cuddled and lounge in the sun. He'll take his time establishing a new relationship, but once he does, his heart will belong only to you. In return, he'd like the same devotion and prefers to be the only pet in the home. Noodles will need to be on a special diet to prevent urinary tract blocks and to keep him healthy and happy. This gorgeous, 16-pound, green-eyed kitty is waiting to meet you at Seattle Humane Society, located at the junction of I-405 and I-90.
