

*Bringing people and pets together*

## Meet Penny!

Penny, a 10-year-old black kitty, was surrendered to Seattle Humane when her owners moved away. At first, Penny was not feeling well, and our veterinary staff discovered that she was suffering from kidney disease. Over several months, Penny received extra love, a special diet, and medical attention and now she's feeling much better! Her gentle soul and adorable polydactyl paws have made Penny a real staff favorite and now we're searching for her special someone. Could it be you?
