

Giving Tree Template

Help support Seattle Humane's mission of saving and serving pets in need this holiday season by creating a Giving Tree! Our ornament template makes it easy to pick a gift that will make a difference for a cat, dog, or critter being cared for by Seattle Humane and keep families together.

Supplies Needed:

- Printer
- Heavy Printer Paper (or cardstock)
- Scissors
- Hole punch (recommended)
- String or ribbon
- Optional: decorative paper, glue, glitter

Instructions:

- Print this packet double-sided so the QR codes appear on the back of the pet snowflake ornaments.
- Cut out the ornaments. You can cut the sheets into squares, cut along the grey circles, use decorative scissors, or be adventurous and cut out the snowflakes. There are lots of options!
- If you're feeling crafty, you can also print single-sided and glue decorative paper in between, or print only the black-and-white code pages and make your own designs for the front.
- Using a hole punch or scissors, make a hole at the top of the ornament. There is a small circle above the QR code as a guide. Thread a string or ribbon through the hole and tie the ends together in a bow or knot.
- Now you're ready to show off your ornaments! Hang Seattle Humane's wishes on a tree or other structure somewhere community members will see them. Check in with your school or local stores and malls to receive permission to set up a Giving Tree.*

*Creating a physical Giving Tree may be challenging at present due to COVID-19. There are lots of ways to adapt this project to fit your needs and the needs of your community. Check in with the Education Team if you would like help brainstorming.
