If you do not meet the income qualifications shown below, you do not qualify for this program.

Pawsitive Alliance does not perform the surgeries. We have several partners in the Puget Sound area that perform the surgeries. Our voucher program is to assist those that are very low income and can not afford the very reasonable co-pay fees that these partners charge in order to keep their programs going. If you qualify and are issued a voucher, it will cover the co-pay for the surgery. You are responsible for any additional services that you request such as vaccines or parasite treatment. You will also need to sign the waiver provided by the organization, agreeing to allow them to perform the surgery.

You will be responsible for making the appointment with the organization.
