

Annual Report

APRIL 1, 2024 — MARCH 31, 2025

From April 2024 through March 2025, Seattle Humane served more than **82,000 pets and their people** through our many programs.

Message from the Executive Director

Seattle Humane is more than a shelter—it's a lifeline. We're expanding access to veterinary care, deepening our partnerships across the region, and ensuring that every pet and person who walks through our doors is met with dignity and care. This is what it means to build a kinder world for pets and their people, and it's only possible because of our generous community.

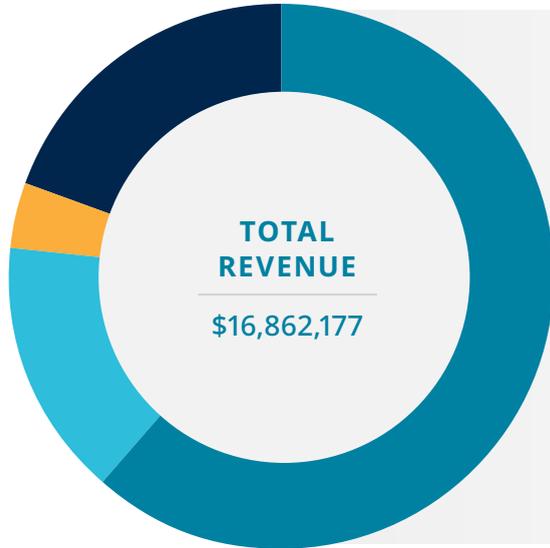

Gratefully,

Jessie

Executive Director

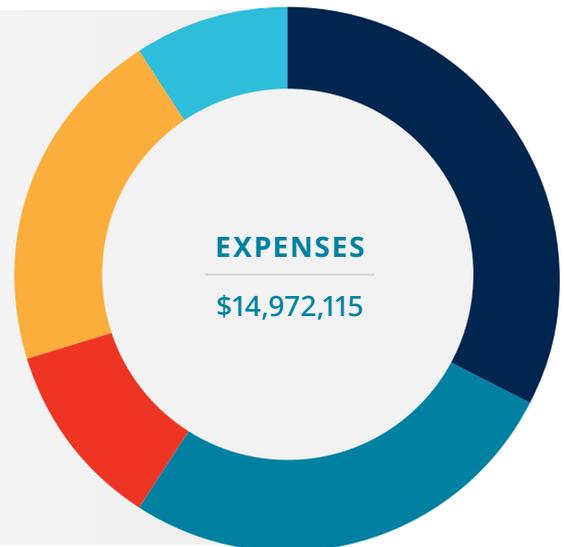

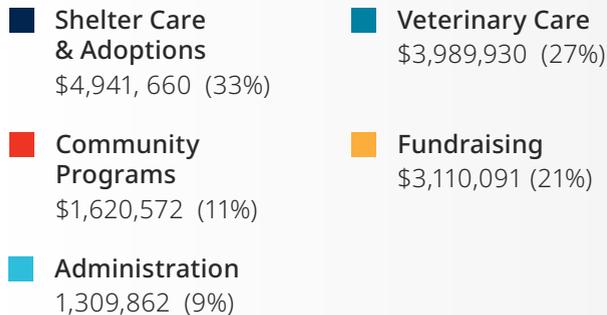

Financials

With over **80%** of our operational funding coming directly from donors, we rely on your support to provide critical programs and services for pets in our region.

Nearly **71 cents** of every dollar we spend supports the pets in our care and community programming.
